IN TROUBLE AGAIN.

The editor of the Bulletin is in receipt of a letter of protest from M. McIntyre, of Strathcona, against the insinuation contained in the Bulletin report against his fairness when acting as goal umpire in the recent hotly contested hockey match for the Hourston shield on Monday evening in the Thistle rink, Edmonton.

The Bulletin has no desire to be a hotbed of controversy. It is the work of several persons, while of necessity only one is held responsible for all that appears.

In the stress of hockey match there may very well be mistakes as to facts as well as errors of inference. In this case the Bulletin is very willing to believe that its reporter was in error, and to apologize for the very unpleasant insinuation conveyed. It is prepared to go further and to say that while Mr. McIntyre, like any other man, may be mistaken, he did not, nor could he be persuaded to render a decision which he was not fully satisfied was correct.

GRAIN INSPECTOR AT CALGARY

The Winnipeg Telegram of a recent issue had a very fair comment on the propriety of appointing an inspector at Calgary to grade shipments of North Alberta grain. It is true that from the tenor of the article it becomes apparent that the actual cause of the Telegram's interest in such an appointment is not in order that North Alberta, so much as that western Manitoba grain, may be inspected on its way to the Pacific coast for shipment. The special occasion of the Telegram's remarks was the recent shipment of a cargo of western Manitoba grain to South Africa by the Pythomene sailing from Vancouver, which shipment was disavantaged by having either to go un-inspected or be hauled eastward to Winnipeg for inspection.

The Telegram has done well to call attention to the need of an inspector at Calgary and under ordinary conditions North Alberta is the district most interested in the appointment of such an inspector. Owing to small shipments this season as yet, there has been no great loss for lack of such an official, but last year there was great inconvenience and loss as well, and in years to come, if not in the remaining part of the present season, there is every certainty of the need being great.

A recent article in the Winnipeg Commercial on the advantages offered by shipment by way of Vancouver bears on the same point. From figures given by the Commercial it may well be that instead of Moose Jaw and Regina wheat being docked at Port William for four or five months, even after it leaves the home elevator, it may be shipped economically during any month in the year by Canada's Pacific port.

A strong point in favor of an inspector at Calgary, besides the advantage that his presence would be to western shippers, is that on eastern shipments his work would lessen the labor of the staff at Winnipeg, and in that way he would be little or no extra cost to the government. The department of trade and commerce would do well to look carefully into this request for a grain inspector at Calgary in good time. The conditions which demand an inspector exist, and might far better be recognized before than after the fact, as his services causes delay, loss and dissatisfaction.

MEETING IN STRATHCONA.

A public meeting was held in Ross' Hall, Strathcona, on Thursday evening under the auspices of the Strathcona liberal association. The chair was taken by A. C. Rutherford, M. L. A., president of the Strathcona association. There was a good attendance, the hall being fairly well filled. The chairman in a few kind remarks introduced.

Frank Oliver, M. P., who addressed the meeting on political questions dealing first with the principles and policy of the government party and the results during the years that it has been in power. Also stating his own attitude towards the government in dealing with public questions. He had been elected an independent supporter of the liberal government. He had given that government a general support believing that a liberal and progressive policy was best for this country. But whenever he felt that the interests of the constituency demanded it he had stood by the constituency irrespective of party.

The demand for an increase of tariff was dealt with at length. The taxpayers of the west were naturally for low tariff. He would oppose the application of a duty tariff to Canada irrespective of party and asked for support in doing so irrespective of party.

The railway question as affecting the Saskatchewan valley was dealt with at length. Three proposals for needed extension were being made by responsible companies, and all were deserving aid. It was not likely that all would be given aid. He would suggest that aid be given the company with which the best terms could be made as to rates and government control of rates. He was favorable to the construction of a

trunk line through the Saskatchewan valley as a government work. But the liberal government of Mackenzie had undertaken to construct the C. P. R. as a public work and been turned out of power. It was doubtful if public opinion would sanction government ownership now. The country needed a railway, and there was not time to wait for the education of public opinion up to the desired point. The next best thing then was to make the best terms possible regarding control of rates. He believed firmly in the principle of no control no bonus. He would rather give a bonus and get control than have the railway without bonus and without control.

Discussion being invited Mr. Cluff spoke on behalf of an increased duty on bacon and a specific duty on horses. The Canadian market should be held for Canadian producers of pork by an increase of duty and inferior horses should be kept out by a specific duty. Mr. Oliver said that if the farmers already having a duty of two cents a pound in their favor on hog products, asked for an increase, they could not refuse the demands of the manufacturers for increases also. But the increased duty on bacon would not affect the price of pork for export, which governed the general home price, while the increased duty on manufactured articles would affect the price of these articles to the farmer, because the manufacturers were united in combines, such as the lumber combine. He was in favor of a specific duty on horses and had so stated during last session.

On motion of N. D. Mills, seconded by J. G. Tipton, a resolution of satisfaction with Mr. Oliver's course in the past and of confidence for the future was agreed to without discussion, and the meeting adjourned.

THE FORT PITT COLONY.
London Morning Post, Jan. 22nd.
Messrs. Eldon, Dempster, and Co., says Reuter, have contracted to convey to Canada in one of their steamers, probably the Montrose, a party of British colonists consisting of 2,000 persons. They are to settle in the district of Saskatchewan in the Northwest Territory, and are to be given by the Canadian government special facilities and protection from encroachment by other nationalities. Sufficient land will be granted by the Canadian government to build eighteen townships, each family receiving 160 acres. The free settlers will consist mainly of farmers and agricultural laborers, and not a few are going from the Channel Islands. The colonists pay their own passage, and the majority of them have a little capital. The Rev. J. M. Barr, late curate-in-charge of St. Saviour's, Balling Park, will go out in charge of the party, which sails from Liverpool on the 21st March for St. John's, N. B. Mr. Barr has the authority of the Dominion government to take out this party, which is to be called a special British colony, and foreigners will not be permitted to settle on its reserved territory. It is expected that of the 2,000 about 500 will be saloon passengers.

THE RENOWNED WESTMINSTER ABBEY Glee and Concert Party.

The Coronation Choir Glee and Concert party composed of a number of leading singers and boys soprano who took part in the Coronation of their Majesties King Edward VII and Queen Alexandra on August 9th will be heard here in a delightful concert programme.

In addition of glee, madrigals and part songs this body of singers is unexcelled anywhere for beautiful blending, artistic and tasteful singing. The male alto voices and the boys soprano supply the places of the female voices with wonderful sweetness, similarity and effect. Mr. Branscombe, the Director of the party and a lay vicar of Westminster Abbey in London, is an acknowledged authority on glee and part singing. He possesses a beautiful tenor voice and is a composer of note. Mr. Herbert Hooton, a baritone, is one of the foremost singers of England and is fast arriving at the top of the scale. Mr. Percy Coward, male alto solo, is a surprising and pleasing novelty; he is the finest exponent of this exceptional voice in England. Madame Marie Hooton, the eminent London contralto, is a beautiful woman and a delightful artist; while the boys have the voices of angels.

Speaking of the Coronation Glee and Concert party's last appearance in Montreal the "Star" says—

"They gave a delightful programme of English glee sacred music and solos. The smoothness and beauty of their part singing was most pleasing and the most difficult madrigals were given with an ease and a delicacy that were charming to the ear. On this occasion they favoured the audience with a couple of fantasias and an anthem sung in Westminster Abbey at the Coronation. The anthem which was Gounod's 'Send out Thy Light' was rendered in a manner quite different from that to which Canadians are accustomed. It was beautifully shaded and exquisitely sung. The soloists were good especially Messrs. Leyland, Hooton and Coward. Master Forsythe sang a dainty little song by Coward, and Madame Marie Hooton rendered a number of Scotch ballads. Mr. Dudley Causton contributed a humorous musical sketch that caught the house.

Concert Contralto — Madame Marie Hooton.

Soprano Boys — Masters Leonard Hubbard, Reginald Hyde, Horace Marchant and All. Boughton.

Male Alto — Mr. Percy Coward and Mr. Walter Coward.

Tenors — Mr. Edward Branscombe and Mr. George Pownall.

Baritone — Mr. Herbert Hooton and Mr. Albert Archibison.

Entertainer — Mr. Dudley Causton.

The greatest musical event that happened in the annals of this town will be the appearance of the Coronation Choir Party.

This is a party of famous English singers and boys soprano who took part in the coronation of their Majesty King Edward VII and Queen Alexandra on August 9th, last, in Westminster Abbey, and has been selected by Mr. Branscombe, lay vicar of Westminster Abbey, who is one of the acknowledged authorities on glee singing in England. They are assisted by Madame Marie Hooton the famous English contralto of charming voice and presence, and Mr. Dudley Causton, the well known English entertainer, who presents a very humorous sketch entitled "The Village Concert." The clear soprano voices are very delightful to hear, while a very interesting feature in addition to the regular numbers will be a male alto solo by Mr. Percy Coward. The male alto voice is peculiar to the English Cathedral where no women are allowed to sing and the women's voices are replaced by male alto and boy soprano.

It has been rendered possible for the choir to be here by the fact that they are moving to the Pacific Coast in their way to Australia and they are enabled to stop over on route.

Subsidiary for your seats at once as there is only a limited number. Those subscribing now will be entitled to two Extra days for selecting seats previous to being opened to public. Seats on sale at MacKenzie's bookstore after Feb. 1.
